

Exchange Migration Assessment

Project Leadership Associates and Quest Software have teamed together to provide an Exchange Migration Assessment for **three organizations** that attend today's user group meeting.

The Exchange Migration Assessment is for organizations that have **1,500 or more mailboxes**. It is a short, **no-cost** consulting engagement that will provide your organization with invaluable metrics that will help you plan and implement a successful Exchange migration.

Please fill out the form below to enter the drawing for the Exchange Migration Assessment.
